Understanding Capitalism Part V: Evolution of the American Economy. By - March 15, 2013. When the United States of America was founded in 1787 it was the most egalitarian Western nation in the world for citizens of European descent, indeed one of the most egalitarian major societies in all of human history.

### **Understanding Capitalism Part V: Evolution of the American**

Major wars and economic crises force the pace of change within and between capitalist states, giving rise to new alignments and shifts in the geopolitics of world capitalism. 1 At the time of writing this article, turmoil in financial markets triggered by faltering growth in significant parts of the globe was provoking fears that the world ...

### **China's capitalism and the crisis – International Socialism**

Over the past century Western industrialized nations have attempted to reorganize the rest of the planet to live by their understanding of the natural and social world.
