

food science sensory evaluation pdf

Food science is the science of nature devoted to the study of food; it is often confused with "food technology". The Institute of Food Technologists defines food science as "the discipline in which the engineering, biological, and physical sciences are used to study the nature of foods, the causes of deterioration, the principles underlying ...

Food science - Wikipedia

The Food Science and Biotechnology (Food Sci. Biotechnol.; FSB), an international journal published bimonthly by the Korean Society of Food Science and Technology (KoSFoST), provides results of original research on the physical, chemical, biological, and health aspects of food science and technology, and a review related to food science and ...
